

Deliverable Search

The Deliverable Search page is the landing page of the Deliverables Tab. It allows users to search for financial deliverables by Institution Number or Fund. Users can then access the Deliverable List by clicking on one of the hyperlinks.

The Deliverable List page can only be accessed by clicking on the Deliverables tab. This page is visible to all users. Results will only appear for awards administered by the user's cluster.

The page consists of search features (orange box), demographic information (green box), and hyperlinks to the Deliverable List Page (purple box).
